Sub – CPDRS condemns the coordinated airstrikes launched by the United States and Israel on Iran

The CPDRS condemns the coordinated airstrikes launched by the United States and Israel against the Islamic Republic of Iran on 28th Feb 2026, killing their state supreme leader Ali Khomeini and hundreds of civilians. The CPDRS calls for immediate de-escalation. These strikes by the United States and Israel are "pre-planned and unprovoked acts of armed aggression" against a sovereign UN member state. Iran's sovereignty and territorial integrity must be respected to prevent a wider regional catastrophe before the situation reaches a point of no return. These military actions only result in death, destruction, and human misery and it is the civilians who pay the ultimate price.

We demand an immediate halt to the military campaign and a return to diplomatic channels in the interest of international peace and security.

Thanking you,
Yours sincerely,

Prof. Kunche Sridhar,
General Secretary,
